Dear ,

Please find our analysis on your '**Holistic Love Astrology**' Report.

We thank you for giving us this opportunity to analyze this specialized report based on your birth charts. The objective of this report is not to make any predictions but to put forth the trends in a given set of planetary configuration, which sets one apart from the pack. It is also our objective to possibly stimulate awareness of one's afflictions and recognize that one's behavioural outputs are provoked by the planets in certain ways and not by the people around us. This perhaps is the first step towards any remedial measures one can adopt.

It would be necessary for us to point out that the accuracy of what has been written in our analytical report depends on the accuracy of the time of births given to us by you. We sincerely hope that through awareness of the traits within you, as provoked by the planets, you would be in a position to make yourself happier.

With Warm Regards

Holistic Relationship

We shall analyze the birth charts of **Mr. ABC** and **Ms. XYZ** from holistic perspectives for the purpose of assessing the relationship from the point of view of life partners.

Our horoscope shows all the aspects of life with their possibilities. The different houses show and signify different aspects while their lords and their respective status and position in the horoscope relates about the potential.

Our life revolves around 4 major aspects of life, which are Dharma, Artha, Kama and Moksha. Whatever we do feel, want or enjoy invariably relates to one of these. Dharma is our vocation or what we are here to do in this life. Artha relates to our wealth and material possessions, while Kama is our desire in life, be it material or sensual. Finally it is Moksha, which connects us to our ultimate goal, our seeking of transcendence.

The recipe for peace, contentment and happiness in a life shared with your partner is to understand and accept each other's score for individual goal and to lead the life in flow with the life script score. When the goal is common as it normally is between two life partners, one can supplement and thus complement each other by understanding the patterns of the life scores.

Ordained Life Script scores

The ordained Life Script scores as computed from your respective natal charts are as follows.

❖ ABC

Pursuit of Vocation	-	77
Pursuit of Wealth	-	84
Pursuit of Desire	-	96
Pursuit of Salvation	-	80

❖ XYZ

Pursuit of Vocation	-	89
Pursuit of Wealth	-	89
Pursuit of Desire	-	79
Pursuit of Salvation	-	80

Ordained Life Script Scores Analysis

As per the above mentioned ordained life scripts scores of both the birth charts, there is dissimilarity between most of the areas of life. Hence, there is strong possibility that both of you could have different approach towards leading the life as well as to get happiness in life. This is because, in the birth chart of ABC the scores of pursuit of desire 96 is very high from the balancing point 84, which indicates that he could have high desire and give utmost important to enjoyment of life. However, in the birth chart of XYZ the score of pursuit of desire is only 79, which is very low from the balancing point of 84. Hence, she might not give much importance to enjoyment of life or could not be able to match the desire and need of sexual urge of ABC.

Similarly, the score of pursuit of vocation in the chart of ABC 77 is very low from the balancing point score 84. So, he may give less attention towards his responsibilities related to personal life or professional life. On the contrary, the score of pursuit of vocation in the chart of XYZ is 89 so she may give utmost importance to perform her personal and professional responsibilities. The score of pursuit of wealth in his chart is 84, which is equal to the balancing point 84 so he could give due importance to material comfort and accumulation of wealth in his life. Even then, the score of pursuit of wealth in the chart of XYZ 89 is higher so she may give more importance to material comforts and accumulation of wealth in her life.

However, the score of pursuit of salvation is 80 in both the charts hence both could give equal respect to moral values in their respective life. In this way, the ordained life script score indicates that both of you cannot be said much compatible to lead a happy and joyful relationship together.

Kama Score (Pursuit of desire)

Each of four pursuits of life is further divided into three stages. These stages are 'Beej' (Seed), 'Prayas' or 'Udhyog' (Trigger) and 'Uplabhadhta' or 'Prapti' (Fulfillment). From this viewpoint, the scores of three stages of pursuit of desire in both the charts are as follows.

❖ **ABC's Kama**

3rd house (Seed)	32
7th house (Trigger)	25
11th house (Fulfillment)	39

❖ **XYZ's Kama**

3rd house (Seed)	26
7th house (Trigger)	21
11th house (Fulfillment)	32

Kama Score Analysis

The analysis of these scores is as following;

❖ For ABC's

The score of 3rd house (seed) is 32, which indicates that he could have very good sexual desire in his life but the score of seventh house (trigger) is only 25, which indicates that he may put less effort than required to fulfill his sexual desire. However, the score of eleventh house (fulfillment) 39 is very high, which indicates that he could be able to enjoy better sexual pleasure and satisfaction in his life in comparison to his desire or efforts made by him for the same. This is because; the score of 11th house 39 is very high from the scores of 3rd house 32 and the score of 7th house 25. Hence, enjoyment could be better in comparison to his desire and effort to achieve the same.

❖ For XYZ's

However, in the birth chart of XYZ the score of her 3rd house (seed) is 26, which shows that she could have an average sexual desire in her life and even lower than of ABC. The score of her 7th house (trigger) is only 21 so she could even put less effort to achieve the same in compare to her desire in order to make her romantic life blissful. Even then, she could be also able to enjoy better sexual pleasure and fulfill her sexual desire in compare to her desire and effort because the score of 11th house 32 is better than the score of 3rd house 26 and the score of 7th house 21.

Therefore, on sexual relationship as well as related satisfaction on the same, both of you cannot be considered much compatible romantic partner for each other because XYZ could have less sexual desire than of ABC. Though, both of you could put low effort in comparison to individual desire but here too ABC could put better effort in compare to XYZ. Even then, both of you could have better fulfillment on the same because the 11th house score is better in both the charts in compare to 3rd house and 7th house score. Hence, both of you could be able to enjoy mediocre level romantic and sexual pleasure with each other so both should have to put better effort to take care of emotion and needs of each other on sexual front to lead a happy romantic life if, you could proceed further.

Mars and Venus Analysis in both charts

A major ingredient of a harmonious relationship is sexual compatibility. First there has to be a strong mutual sexual attraction. Then it must translate itself into a physical act, which can satisfy the sensual needs of the two individuals.

❖ ABC's

Venus is the lord of his 6th house as well as of 11th house and it is placed in the 2nd house into sign Capricorn. Therefore, the above placement of planet Venus in his chart indicates that he could have a normal sexual desire, but could be very active in his romantic life. He could be also able to get better fulfillment of sexual desire and could be able to satisfy his partner with his action who would come in to his sexual contact due to placement of 8th house lord Moon along with Venus.

More on this, he could be able to attract members of opposite sex very easily but placement of retrograde Saturn into house of marriage along with Ketu indicates that he might get more involved with sexual relationship than in emotional relationship.

❖ XYZ's

In her natal chart, planet Mars is the lord of her ascendant as well as of 6th house and it is positioned in the 4th house along with Rahu into sign Aquarius. Therefore, this placement of planet Mars in her birth chart indicates that she could get enjoyment of romantic pleasure in her life but it could be difficult for her to sustain a relationship for long term. This placement of Mars indicates disturbance to get married as well as to enjoy a happy married life or a long lasting romantic relationship. Since, her 8th house lord is planet Mercury, which is placed into house of marriage and house of marriage lord Venus is placed into 8th house. Hence, she could give more preference to emotional connects than of actual sexual involvement. Even then, she could be active in sexual life and she could be proved a better partner in sexual act where she would be able to satisfy her partner. However, her lord of ascendant Mars indicates that she may react sharply in the situation of dissatisfaction during sexual relationship.

5th and 7th house Analysis in both charts

The Fifth House represents our Creative Instinct and Urges. Thus, it signifies love and romance in our life. It signifies children. It also represents our efforts and achievements in the field of education.

The Seventh House is the house of Spouse or Life Partner. It is also known as the house of partnership. It describes marriage, divorce, and joint ventures in business. It also represents litigation, open enmity and success in negotiation.

❖ ABC's

In the birth chart of ABC, planet Mars is the lord of 5th house and it is located into 5th house only but his lord of ascendant Jupiter is placed into its debilitated sign Capricorn. Therefore, it indicates that he could be able to enjoy progeny bliss in his life with certain disturbance and could have an average active romantic life. More on this, his 7th house lord Mercury is placed into ascendant along with Rahu and retrograde Saturn is placed into 7th house along with Ketu. Hence, this combination could not help him to have happy married life but other planetary influence indicates to face disturbance in proper enjoyment of romance and married life.

❖ XYZ's

In the natal chart of XYZ, planet Jupiter is the lord of 5th house and it is placed in her 6th house, which indicates that she could have a mediocre level enjoyment of progeny bliss in her life. Since, she is having a Manglik chart and retrograde Saturn is placed in the house of family,

which indicates facing of obstruction to get married and have a family life or to have a stable, long lasting and a happy romantic life. Even then, the house exchange between her house of marriage lord Venus with 8th house lord Mercury indicates to enjoy good sexual pleasure in her life despite of not having a long lasting relationship.

In conclusion, according to the overall indication of above said astrological explanation, there could be enjoyment of short term or temporary romantic and sexual relationship with each other. However, the same cannot be said a long lasting one and it would be tough for both of you to convert the same into a committed relationship.

Special Comment on Your Primary Concern

How much quality time will we spend with each other and would this be consummate relationship?

Regarding your above concern, I have already given enough indication with my above explanation so that you could be able to understand your relationship with each other. Even then, here I would like to inform you that first all you have not provided the actual time of birth for XYZ so, all the reading of her birth chart could be nearby of the actual events.

Secondly, this platonic relationship was started in May 2022 and XYZ is going through the sub period of Rahu in main period of Jupiter from August 2021 to December 2023. Since, Rahu gives a short term or temporary nature relationship so as per her chart she may back out any time after December 2023. At the same time, you would be under the sub period of Ketu into main period of Saturn from 22nd July 2023 to 30th August 2024 and Ketu create confusion, misunderstandings in relationship.

Hence, both of you can think about this relationship considering as a short term relationship and should be ready to face end of this relationship anytime. I am not looking great possibility to spend much quality time with each other but chances are high to consummate this relationship by end of 2023. Since, this is a long distance relationship where physically meeting with each other could be a difficult task for both of you even then both can try to meet and spend time with each other by December 2023. Otherwise, after that I am not looking a great future of this relationship.
