❖ Our Answer:

The analysis indicates that presently you are passing through the sub period of Mercury in the main period of Ketu. This sub period has been in operation from 14 November 2023 and would last till 11 November 2024. Mercury represents the house of relationship/marital bond in your birth chart and is weak in strength. As a result of which, you might find the present sub period to be somewhat stressful as far as your personal life/relationship/marital bond are concerned. Such periods sometimes result in fluctuation in marital bond.

Further analysis indicates that the present sub period lord Mercury in your birth chart has been under close influence of an evil transiting planet from the month of June 2024 and this influence would last till August 2024. Therefore, you might find the period to disturbing as far as your personal/marital life is concerned and you might remain under stress.

In other words, the inherent weakness of the operating sub period lord Mercury and influence of an evil transiting planet Rahu on it indicates that you might find the period till almost end of August 2024 to be troublesome as far as matter pertaining to your marital life is concerned. Therefore, as far as possible, you should avoid taking any significant decision regarding coming out of present marriage within August 2024, since the period thereafter would be comparatively better in this regard.

It is pertinent to mention that you would be passing through the sub period of Venus in the main period of Venus from 11 November 2024 to 12 March 2028. Venus represents the house of domestic life, fortune, foreign land etc. in your birth chart. It is also the natural significator of luxuries, material comforts, enjoyments, love, romance, wife, marital life etc.

Venus is well-placed in your birth chart. Therefore, you might find its sub period to be enjoyable as far as your health, lifestyle and personal/romantic/marital life is concerned. You may visit distant places/reside in foreign land. In short, the possibilities of improvement in your relationship with your wife also exist.

Regarding your question, presently you are passing through the sub period of a weak planet. As a result, the period has been disturbing as far as marital life is concerned. If you wish to continue with your present marriage, then you should let the period till middle of November 2024 pass.

❖ **Your second Question:**

I have opted for VRS in Apr aiming Aug24. Confused to continue C. Govt job or move to USA to support them. Can i get Job there, since I am Mech Engineer? Fear of uncertainty & my daughter's future? My career?

❖ **Our Answer:**

You would be passing through the main period of Venus from 11 November 2024. The first sub period during the main period of Venus belongs to Venus and would continue from 11 November 2024 to 12 March 2028.

Venus being ruler of the house of domestic life, fortune, foreign land etc. and natural significator of luxuries, material comforts, enjoyments, wife, marital life etc. is placed in its sign of exaltation in the house ruling family, social status and accumulation of wealth in your birth chart. This indicates that you might find its sub period to be supportive as far as your health, personal life, lifestyle and achievements in professional career are concerned. Therefore, the possibilities of yours moving to foreign land as well as procuring job in foreign land also exist.

It is pertinent to mention that the inherent weakness of Mercury leads to uncertainties, confusions, lack of confidence and indecisiveness. Therefore, you should imbibe confidence, decide priorities with care and keep your mind occupied with positive thoughts. Regarding the future of your daughter, the planetary configuration of her individual birth chart carries weight in this regard.

❖ **Your third Question:**

Temp phase to her? She really thinking of breaking relationship? We both don't have close friends and family circle to counsel. She denied for ext counsel. She still cares for me a lot and wants to exit. We both have religious and good lifestyles.

❖ **Our Answer:**

The planetary configuration of the birth charts of both of you are slightly weak as far as marital life is concerned. Moreover, presently you are passing through the sub period of a weak planet that rules the house of marital bond. Consequently, the period has been stressful. An improvement in this regard is anticipated, as the sub period of Venus, the planet ruling the house of foreign, fortune and significator of luxuries, material comforts, enjoyments, wife, marital life etc. would come in operation i.e. from 11 November 2024.

At present your wife is passing through the sub period of Moon, which signifies emotions. Moon is placed in the house of family and social status in her birth chart. Therefore, you may expect positive changes in her thoughts with regard to her personal life, may be as the period from November 2024 (after completion of the sub period of Mercury in your birth chart) would advance further.
