Natal status of planet at a Glance

We have listed above the natal promise of all the 9 Vedic planets in the chart based on their status in the chart. There are likely to be lot of contradictions about their significance in different aspects of life. The same planet may be beneficial for a particular aspect in one's life by it's house location but it can be inauspicious for the same aspects in life because of the lordship of houses in the chart. One planet can be beneficial for a particular aspect in life and can promise great success and at the same time another planet can be most inauspicious and promise complete failure for the same aspects in life.

Usually different astrological effects do not cancel or neutralize each other. Both the positive as well as the negative effects can affect a person's life.

How much positive and how much negative will depend on the planet's strength, it's functionality whether auspicious or inauspicious, and it's dignity in the chart, and also it's strength in the chart.

These calculations are complex and are not only made for the natal chart but are also made on the different divisional charts which are derived from the natal chart. An astrologer has to examine all these quantitative and qualitative aspects of each planet in the chart, before he can make a final judgment about each planet on how much positive and how much negative effects the planet will be responsible for different aspects of life in a person. His experience will also play a key role to arrive at a final judgment.

We give below in a table the strength of each planet in the chart and what will be the overall role of the planet in a person's life as per the astrologer's judgment.

Strength and Weakness in your personality as an Entrepreneur

We will now analyze your basic strengths and weakness in your personality which will be either supportive for your business success or will be challenges that you must overcome in order to be successful in your own business venture.

❖ Your Strength as an Entrepreneur:

Your Ascendant signifies the way you are very innovative & intuitive and have a sound body & mind. Your 5th Lord governing creativity & intelligence is ruled by Venus. Venus is exalted in the 10th house Pisces. Jupiter signifies success & entrepreneurship & it will help you to get success in business. The 5th Lord Venus is exalted in the 10th house, which is also good for business activity. Your personality will support your business venture. As a Gemini person, you are rational in action & thinking.

❖ Weakness as an Entrepreneur

However, the 1st & 4th Lord Mercury is located in the inauspicious 8th house Capricorn. The 7th & 10th Lord Jupiter governing business & career is also located in dusthana 6th house. In Dasha, you are now passing through the sub period of malefic Ketu in the main period of Ketu only till 1st October 2024. This is bad for business & success.

The next sub period of Venus till 1st December 2025 is good for starting your business. So you should wait till 1st October 2024; as Ketu sub period is not very good for your business. However, as Venus is exalted in the 10th house, so the evil effects are minimized to some extent.

Your Primary motivation to start your own business

The placement of planet Venus in your 10th house in its exaltation sign Pisces can be said the primary driving force to choose the path of an entrepreneur that being in SEBI Registered research and investment in stocks advisor field. In your birth chart, the 2nd Lord Moon is located in the 1st house. The 3rd Lord Sun is located in the 9th house, the house of luck and fortune in sign Aquarius.

The placement of planets--Sun, Venus & Moon has blessed you with good management skill, strategic thinking, policy making and to work for public at large. The planet Sun would provide to lead the people from front. More on this, the house of creativity lord Venus is exalted in the 10th house and it represents the fields related to investment in stock and advisory field. You may also go for this business; as 5th Lord Venus is located in the 10th house Pisces & 3rd Lord Sun is also located in the 9th house.

Karmic indicators in your Birth chart

Ashtakbarga system in Vedic astrology is a unique system, which computes from the chart, whether a person will do "Business" or "Job" as per his Karmic Destiny.

In ancient time, this was quite an accurate method for an astrologer to draw definite conclusions. But in today's world with so many opportunities and so many different kinds of products and services, we should not consider this as the final judgment on this subject. However we are giving this ashtakbarga report computed on your chart for your consideration.

❖ Is business or Job?

According to the analysis of your chart, you are suitable for Job than business and you will gain moderately good **success** in this field.

❖ What business will be suitable as per your chart?

1st House in your natal chart is Gemini is ruled by Mercury. Mercury governs intelligence. The 10th Lord Venus is exalted in the birth chart. The 5th Lord Venus governing creativity is also located in the 10th house. This signature is more or less good for starting business.

However, to start business, 7th & 10th Lord Jupiter is the most important planet. As Jupiter is located in the dusthana 6th house in your birth chart, so in my opinion, you may face some turmoil in your business. Again as Mercury is also not well placed, so you may face some turmoil in your business. You are best suited for business of stocks/share.

❖ **Favorable Indications for wealth in your chart:**

Second house in the chart is the house which signifies your potential to accumulate wealth in your chart. Ref House table, Ashtakbarga score for 2nd house in your chart is very low of 22. This is definitely an unfavorable indication that you may not be successful in accumulating wealth in your life through your business.

The second house lord Moon is located in the 1st house Gemini which is good for wealth. The Ashtakavarga strength of 11th house is however very high of 34. This is good for income & wealth. Again as the 11th Lord Mars is also located in 10th house, so you may get favorable results in regard to accumulation of wealth, though you may earn money through your own effort but after some turmoil.

Astrological Signatures for next 1 year to start your business

The Dasha Vichar or planetary periods of Vedic Astrology provide a unique and comprehensive system for judging the effects of planets throughout the development of our lives. They are the most accurate system for showing how the planets distribute their effects through time and the different stages of our lives.

The most common of these systems of planetary periods is the Vimshottari Dasha or the "120-year cycle". This follows a predetermined sequence, the starting point of which is determined by the longitude of Moon at the time of birth. In it, each of the seven major planets plus the two Lunar Nodes are given specific periods. This entire life span is divided into different main periods of planets and within this main period, there are sub-periods of all the planets and then each sub-period can be divided into sub-sub-periods of planets. The effects of the planets become most operative during the Main Dasha or the sub-Dasha. The transit effects and the relation between the Main planet and the sub-planet also determine whether the good effects will be more predominant or the bad ones.
