Dear XYZ

Please find our analysis on your **Investment Forecast - 12 Month Report**.

We thank you for giving us the opportunity to analyse your birth chart. Here we will provide the astrological signature for the coming year with respect to gain through speculative activity. Apart from this, the past experience and the knowledge of speculative market of any person also play a significant role for gain and loss through a speculative activity.

It is not Vedic Astrology's purpose to replace an individual's responsibility to decide for them what is best. Astrology tells us about the absence or presence of certain tendencies. It is up to us to use this information as a tool to form our own decisions and take our own actions. Please note that the accuracy of the predictions depends on the accuracy of the time of birth given to us by you. As per Vedic Astrology the stars will control only 75% of your life and the critical 25% will be your own efforts.

Kindly note that the main purpose of this report is to safeguard you from losses rather than your making financial gains from speculative activities. We wish you good luck and pray to God that you overcome all obstacles in your life.

With Warm Regards
