Our Answer to Your Question

Your Question:

This question is for a person-He is having very stressful work life. He has been looking for a change but not getting any appropriate opportunity. Do you see any opportunity on the way to get a less stressful job which pays the same or more?

Our Answer:

I have analyzed his birth chart with respect to your question.

The planets that represent the house of profession, income and naturally signify social status, higher-ups etc. are weak in his birth chart. Such planetary weaknesses often lead to ups and downs in professional career, instability in/dissatisfaction from income or difficulties in acquiring or attaining a uniform social status. He might find his senior or officials at workplace also not to be much co-operative.

The above analysis indicates that he should remain attentive, increase efforts and prefer to work in a suitable job/professional field with fixed salary and emoluments as long as possible. It would be further beneficial to observe patience, remain cool and avoid developing differences with seniors. If required, he should express his views clearly and precisely with them.

The present sub period of Ketu in the main period of Moon has been in operation from 19 October 2023 and it would last till 19 May 2024. Ketu is a malefic planet. It is casting its close influence on the planet Mars in his birth chart. Its influence could lead to lack of patience, short temperament or development of controversies at times during its sub period.

He would be passing through the sub period of Venus in the main period of Moon from 19 May 2024 to 18 January 2026. Venus represents the house of competition, income, gains, desires, hopes and wishes, friends etc. in his birth chart. It naturally signifies love, romance, luxuries, material comforts and enjoyments.

Venus is weak in his birth chart due to its location in the house of obstructions. Its weakness might lead to lack of charm or at times, certain problems on account of personal life. He might find the sub period of Venus to be somewhat challenging as far as his professional career is concerned. Some of his plans might not take off or shelved due to some reason or the other. The possibilities of developing interpersonal relationship issues at work place would exist. An element of dissatisfaction from income is likely to prevail in his mind. There

might be problems in fulfilling desires to his satisfaction level. Such periods sometimes result in fluctuation in income.

The planets that represent the house of profession and social status are weak in strength in your question Chart. These astrological signatures indicate some kind of dissatisfaction from professional as well as social status. Notwithstanding the above, the good placement of the planet ruling the house of income in the house of fortune and foreign might be supportive for establishing relation of his income with foreign land.

Regarding your question, the planetary configuration of the birth chart is moderate from the viewpoint of career and finance. He would be passing through the sub period of a weak planet from 19 May 2024. The period from September 2024 to November 2024 appears to be sensitive from professional point of view. As a result of which, the possibilities of his procuring a highly satisfying job in near future are remote. Therefore, as far as possible, he should prefer to continue working with his present employer. Notwithstanding the above, his achievements in professional career would be quite encouraging provided he incorporates the approach suggested above.

Recommendation of Most Suitable Astrological Remedies
